

## Growing together. Brand Deurotech Group presented on LIGNA 2015!

When four of the best in the wood products industry unite, your options are unlimited.

Hanover- Together with the opening event of the trade fair, the management announced the consolidation of four specialist companies in the wood products industry: [Vits Technology GmbH](#), [Deurowood Produktions GmbH](#), [IFA Technology GmbH](#) and [Wessel-Umwelttechnik GmbH](#). From May 11<sup>th</sup> to 15<sup>th</sup>, they presented for the first time as [Deurotech Group](#) at a corporate booth. Proven quality and unlimited options are the mottoes: the specialist companies unite their expertise and offer customized impregnation and coating solutions to their customers. Presentation and launch of the Deurotech Group were a great success – clients, partners and competitors congratulated for that excellent appearance.

Werner Deuring, CEO, about the foundation: „By combining these four companies to form the Deurotech Group, we can provide the entire process chain out of one hand – clear responsibility and great advantages for our customers are the results.“

We look forward to working with you. Please feel free to contact us – we will realize your project with great reliability and competence.

Yours, Wessel-Umwelttechnik
